REMARKS

25X1X

1. Between 2 and 4:30 p.m. on 14 June 1951, 20 swept-back jet fighters, one twin-engine plane, one single-engine low-wing monoplane, and one biplane were counted at Pinow airfield. About 20 other aircraft of an undetermined type were parked on the northern edge of the field. One of the jet fighters parked on the north-eastern edge of the field had the red number 1128. (1) Another jet plane without a rudder assembly was propped up on the eastern edge of the field. (2) Four jet fighters practiced local flying in good weather. About 15 soldiers were at the take-off point.

25X1B

[REDACTED] Lamps about 50 meters apart were installed along the runway.

25X1B

2. There was some flying by MiG-15s at the field on 20 June. The sky was slightly cloudy. The planes remained in the air for about 25 to 35 minutes. From the steep gliding angles of the landings it was the [REDACTED] the pilots were experienced.

3. [REDACTED]

4. On 12 June, it was observed that a total of 57 aircraft, including partially assembled swept-back jet fighters, were stationed at the field. The previously

25X1A

[REDACTED] It was again seen that the MiG-15s had a wire connection from the antenna rod aft of the cockpits to the rudder assembly, about 10 cm under its upper edge. Twelve MiG-15s without wings, landing gears, or tail units were parked in front of a hangar.

25X1B

[REDACTED] were seen entering and leaving the airfield. No aircraft crates were seen. The personnel strength was unchanged. (3)

25X1A

5. Between 9 and 10 a.m. on 20 June, 39 MiG-15s, 6 single-engine low-wing monoplane and 2 biplanes were counted at the field. Three aircraft in the north-

and a clear

weather. The red numbers 09 and 23 were seen on two aircraft which landed at the field. The elevator assemblies and the upper third of the rudder assemblies were missing on three MiG-15s parked in front of a hangar.

25X1B

The radio installations at the field were unchanged. The radar set previously seen on the northern edge of Minow-North airfield was still there.

6. The occupation of the field seemed to have decreased on 26 June. Only 34 MiG-15s were counted. The red numbers 11, 1102, 1103, 1184, 1282 and the

25X1A

monoplanes and three biplanes were also parked at the field. Contrary to previous observations, no motor vehicles were seen. There were motor vehicles

25X1B

25X1B

The radio installation in forest subarea (Jagen) 174 near Spechthausen was dismantled. (4)

7. On 28 June, 15 MiG-15s were counted and 20 additional MiG-15s were estimated at the field. The red numbers 07, 27, 115, and 1146 were seen on four of the planes. The field was further occupied by seven single-engine low-wing monoplanes, one twin-engine plane and three biplanes. There were motor vehicles

Comments.

- (1) The airfield is occupied by two fighter regiments and one fighter division headquarters. The exact number of MiG-15s assigned to this regiment is not

25X1A

69 MiG-15s are stationed at Minow airfield. About 10 Yak-11s and five to six PO-2s are also parked there.

- (2) For sketches of propped-up planes, see Annex. The two sketches indicate that the airframe is dismantlable into three sections.
(3) Supplements previous information.
(4) It was the outer landing beacon.
